The weaknesses of civic territorial organizations
edited by Monique Abud

The authors demonstrate and explain why civic engagement, a condition for the development of homeowners associations, is inadequate across urban communities. The field research was conducted in Guangdong Province from 2009 to 2011, http://urbachina.hypotheses.org/7616

Bijiao: China in Comparative Perspective Book Review
edited by Monique Abud

The 3rd issue of Bijiao: China in Comparative Perspective Book Review (CCPBR) has been published in October 2013 by CCPN Global. Stephan Feuchtwang, LSE and a member of the UrbaChina research team, is honorary editor of the publication.

Community and urban heritage in China
edited by Sebastien Goulard

"International influence and local response: understanding community involvement in urban heritage conservation in China"
http://urbachina.hypotheses.org/7606
Funded under the European Commission’s Seventh Framework Programme, **UrbaChina** is a collaborative project managed by a consortium of 11 leading Chinese and European research institutions. **UrbaChina** analyses China’s urbanisation trends for the next 40 years and define possible future scenarios with reference to concepts of sustainability.
