Policy actors and policy making for better migrant health in China from a policy network perspective

edited by Jacqueline Nivard

This paper is part of a series of outputs from the research project on Migration and Health in China. Given the phenomenal scale of internal migration in China, migrant health has become a prominent policy issue.

Midday siesta

written by Miguel Elosua

This photo was taken last April at the back of the Huguang Guild Hall in Chongqing, just after lunch, the time of the siesta, a sacred custom in China.
